Annual Meeting

Current Issues in Anatomic Pathology, 1987

May 21–22, 1987    San Francisco, California

Department of Pathology of the University of California
School of Medicine at San Francisco

This annual course addresses a wide range of topics in anatomic pathology and explores new and evolving areas in the analysis of disease. Its aims are to provide practical information that will aid the pathologist in solving problems often encountered in the laboratory and to give an update on several new approaches that may soon be applicable to anatomic pathology. An analysis of current trends in reimbursemens for professional services is also included in the discussion. Scientific posters will be exhibited, and a syllabus with references will be provided.

May is the best time for a San Francisco meeting because of the excellent weather conditions. The conference will be held at the Union Square Holiday Inn. On both days of the meeting lunch will be provided as part of the program in a private dining room on the top floor of the hotel, which offers a spectacular view of the Bay Area. There will be ample opportunity for informal discussions with the faculty at these lunches, during the morning and afternoon coffee breaks, and at the reception which will follow the meetings on the first day of the course. Evenings are free for participants to explore the city.

The Union Square Holiday Inn is located on Sutter Street at Powell just one block from Union Square, the hub of downtown San Francisco. The area is renowned for its shops and restaurants, all within easy walking distance of the hotel. Museums, theaters, concert halls, and many other places of interest are also readily accessible. There will be a hospitality desk at the program to provide information on shopping, restaurants, and cultural events. Rooms at the Union Square Holiday Inn will be available to course participants at a special rate. Other lodging can be found in the Union Square area offering more modest or more luxurious accommodations.

ACCREDITATION
Extended Programs in Medical Education of the University of California School of Medicine at San Francisco designates this continuing medical education activity as meeting the criteria for 12 hours in Category 1 of the Physician's Recognition Award of the American Medical Association and the Certificate Program of the California Medical Association.

ACCOMMODATIONS
A block of rooms has been reserved for this conference at the Union Square Holiday Inn, 480 Sutter Street, San Francisco, (415) 398-8900. Please make your reservations directly with the hotel, and be sure to indicate that you are attending this UCSF program in order to receive the special conference room rates ($92 Single, $101 Double). Registrants will receive a hotel reservation card with confirmation of course registration. Please note: This block of rooms will be released one month prior to the symposium. Reservations received by the hotel after April 20, 1987 will be confirmed on a space available basis.

TRAVEL
We are pleased to announce that arrangements have been made with American Airlines and Travel Planners, Inc., to assist meeting attendees with travel plans to San Francisco at better rates than coach airfares. Avoiding the constant fluctuation in fares, you will receive the lowest airfares applicable to your travel requirements; and since you pay for the tickets in advance, you are protected against fare increases. Even if you are in a city not served by American, they will make arrangements on another carrier at reduced fares. Travel Planners also provides free $20,000 flight insurance when you purchase your tickets from them. To make flight reservations, call American’s Meeting Services Desk, Monday-Friday, between 8:30 a.m. and 5:00 p.m., your local time: (800) 433-1790. Give the American Airlines Meeting Specialist the file number assigned to this convention—SPFA87—and mail your reservations.
