Seventh Annual
Current Issues in ANATOMIC PATHOLOGY: 1991
May 23-24, 1991
San Francisco, California

This annual conference addresses a wide range of topics in anatomic pathology and explores new and evolving areas in the analysis of disease. Its aims are to provide practical information that will aid the pathologist in solving problems often encountered in the laboratory, and to give an update on several new approaches that may soon be applicable to anatomic pathology.

The conference will be held at the Union Square Holiday Inn. As part of the program, lunch will be provided each day in a private dining room on the top floor of the hotel, which offers a spectacular view of the Bay Area. There will be ample opportunity for informal discussion with the faculty at these lunches, during the morning and afternoon coffee breaks, and at the reception which will follow the lectures on the first day of the course. Evenings are free for participants to explore the city.

The Union Square Holiday Inn is located on Sutter Street at Powell just one block from Union Square, the hub of downtown San Francisco. The area is renowned for its shops and restaurants, all within easy walking distance of the hotel. Museums, theaters, and concert halls are also readily accessible. There will be a hospitality desk at the program to provide information on shopping, restaurants, and cultural events.

Accommodations
A block of rooms has been reserved for this conference at the Union Square Holiday Inn, 480 Sutter Street, San Francisco, (415) 398-8900. Please make your reservations directly with the hotel, and be sure to indicate that you are attending this UCSF program in order to receive the special conference room rates ($60 Single, $117 Double). You may make reservations by phone, or by mailing the hotel reservation card which will be included with confirmation of course registration. Please note: This block of rooms will be released one month prior to the symposium. Reservations received by the hotel after April 22, 1991 will be confirmed on a space-available basis.

While the refurbished Union Square Holiday Inn offers the most convenient lodging, alternative more modest or more luxurious accommodations can be found in the Union Square area.
