CURRENT ISSUES IN ANATOMIC PATHOLOGY: 2001
May 24-26, 2001
The Hotel Nikko San Francisco

SUBJECTS
Gynecology, New and Special Techniques Update,
Head and Neck Pathology Update, Inflammatory Lesions
in Dermatopathology, Breast Pathology

KEYNOTE SPEAKER
Richard Kempson, MD
The Henry Moon Lectureship

NEW PROGRAM
Cytology Seminar at UCSF on Wednesday, May 23
(limited enrollment)

PRESENTED BY
The Departments of Pathology, Divisions of Surgical Pathology
University of California, School of Medicine, San Francisco, California
Stanford University, Stanford, California
Current Issues in Anatomic Pathology: 2001
May 24-26, 2001
San Francisco, California

Although clearly focusing on diagnostic surgical pathology, this annual course also addresses a wide range of topics in anatomic pathology and explores new and evolving areas in the diagnosis and analysis of disease. It aims to provide the latest practical and theoretical information that will aid the practicing pathologist in solving those problems most often encountered in the anatomic pathology laboratory.

During the three-day course, microscopes will be available in an adjacent room to view the recently described and interesting cases that will be discussed by the faculty.

This fourth annual UCSF/Stanford conference will span three days and overlap with one day of the Memorial Day weekend (Thursday, May 24 through Saturday, May 26, 2001). This will allow participants to combine a professional education experience with a holiday in San Francisco.

Participants will be able to register either for the entire three day meeting or for any combination of individual one day blocks. The first day, Thursday, will be devoted to gynecologic pathology as well as new and special techniques; the second will be devoted to head and neck pathology; and the final day, Saturday, will be devoted to dermatopathology and breast pathology. This modular design will allow each registrant to individually tailor this experience to match personal educational needs and planned activities in San Francisco.

The conference will be held at the Hotel Nikko San Francisco. Complimentary lunch will be provided on Thursday for course registrants and faculty. The Henry Moon Reception will take place at the Nikko at 5:00 p.m. on Thursday.

The conference will be held at the Hotel Nikko San Francisco. Complimentary lunch will be provided on Thursday for course registrants and faculty. The Henry Moon Reception will take place at the Nikko at 5:00 p.m. on Thursday.

Course Chairs
Linda Ferrell, MD, Chair
Professor and Vice Chair of Pathology, UCSF
Imok Cha, MD, Co-Chair
Cytology Section
Assistant Professor of Pathology, UCSF
Richard Kempson, MD, Co-Chair
Professor of Pathology, Co-Director of Surgical Pathology, Stanford University
Henry Moon Lecturer
Sabine Kohler, MD, Co-Chair
Dermatology Section
Assistant Professor of Pathology and Dermatology, Director of Dermatopathology, Stanford University
Richard Sibley, MD, Co-Chair
Professor of Pathology, Co-Director of Surgical Pathology
Charles Zaloudek, MD, Co-Chair
Professor of Pathology, UCSF

Local Speakers
UCSF Faculty
Philip LeBoit, MD
Professor of Pathology and Dermatology
Director of the Dermatopathology Service
Timothy McCalmont, MD
Associate Professor of Pathology and Dermatology
Theodore Miller, MD
Professor of Pathology
Patrick Treseler, MD, PhD
Professor of Pathology

Stanford Faculty
Jeffrey Harvell, MD
Assistant Professor of Pathology
Michael Hendrickson, MD
Professor of Pathology
Co-Director of Surgical Pathology
Matt van de Rijn, MD
Assistant Professor of Pathology
Robert Rouse, MD
Associate Professor of Pathology
Co-director of Immunopathology Laboratory

Guest Speakers
John K.C. Chan, MD
Consultant Pathologist, Department of Pathology
Queen Elizabeth Hospital, Hong Kong
Philip B. Clement, MD
Consultant Pathologist, Vancouver General Hospital, and Professor of Pathology, Univ. of British Columbia
Gary Ellis, DDS
Department of Oral and Maxillofacial Pathology
Armed Forces Institute of Pathology, Washington, DC
Joseph A. Regezi, DDS, MS
Professor of Oral Pathology and Pathology
University of California San Francisco
Stuart Schnitt, MD
Associate Professor of Pathology, Harvard Medical School, Director of Surgical Pathology
Beth Israel Deaconess Medical Center, East Campus

Educational Objectives

Overall Educational Objective and Format
To provide an update on current criteria for diagnosis of problem areas in anatomic pathology, including surgical pathology and cytopathology, this is met through didactic lectures, question and answer periods, and practical experience in reviewing glass slide cases.

Specific Objectives
At the end of this activity course participants should be able to describe:
- The criteria for diagnosis of adenocarcinoma of the endocervix
- Diagnostic features of the unusual forms of adenocarcinoma of the uterus
- Diagnostic problems of stromal tumors of the uterus
- Diagnostic problems in the evaluation of sex cord tumors of the ovary
- New technologies and immunohistochemical procedures that aid in the diagnosis of specific pathologic lesions
- Differential diagnosis of thyroid lesions that cause problems in a pathology practice, including problems in fine needle aspiration cytology and surgical pathology samples
- Problem areas of lymphoid lesions in the head and neck region
- Problem areas of diagnosis for thymic lesions
- Cystic lesions of the jaw, giant cell lesions of the jaw, and ameloblastoma
- New and problem diagnoses in salivary gland lesions, including cytology as well as surgical pathology samples
- Inflammatory lesions of the skin, including lesions that cause rashes and cutaneous manifestations of internal disease
- Problem diagnoses in breast lesions

Intended Audience
The program is directed to the general practicing pathologist in the community, the general surgical pathologist in academic centers, and the pathology trainee.

This program is self-supporting and receives no state funding.
Cytology Seminar
at UCSF Moffitt Hospital
505 Parnassus, Room M-551
Multi-headed Scope Room

Wednesday, May 23, 2001
8:30 am-4:45 pm

Special note: Enrollment limited to nine registrants (see registration procedure paragraph)

Cost: $250.00

Transportation: Complimentary shuttle service between the Hotel Nikko and UCSF will be provided.

Seminar Schedule
8:00 Shuttle leaves Hotel Nikko for UCSF
8:30 Registration, Coffee and Greetings
8:45 Microscopic Tutorial: Diagnostic Problems in Breast FNA
   Daniel Sudilovsky, MD
10:15 Break
10:30 Microscopic Tutorial: Challenging Cases of Lymph Node FNA
   Imok Cha, MD
12:00 Lunch
1:30 Workshop: Improving FNA Technique and Smear Preparation
   Britt-Marie Lund, MD
3:00 Break
3:15 Microscopic Tutorial: Diagnostic Problems in Thyroid FNA
   Theodore Miller, MD
5:00 Shuttle departs UCSF to return to Hotel Nikko

Accreditation
The University of California School of Medicine, San Francisco (UCSF) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians. UCSF takes responsibility for the content, quality and scientific integrity of this CME activity.

The UCSF Office of Continuing Medical Education (OCME) certifies the Anatomic Pathology Conference for 18.5 credit hours in Category 1 of the Physician’s Recognition Award of the American Medical Association and the Certificate Program of the California Medical Association. OCME certifies the Cytology Seminar for 6.0 Category 1 credit hours. Each physician should claim only those hours of credit actually spent in the educational activity.

Refund Policy
To cancel course registration, please write to request a refund and include the course registration receipt. A $75 service charge will be deducted. No refunds will be provided after May 23.

Travel Information
Flights may be arranged with one simple call to Parnassus Heights Travel (800) 645-1008. Please indicate you are attending the UCSF/Stanford Anatomic Pathology Conference.

Hertz Car Rental
Advance reservations for rental cars are recommended because of the limited number of cars. Arrangements have been made with Hertz Rent-A-Car for special rates and discounts during this UCSF activity, as well as one week before and after the activity. Call the Hertz Convention Desk at 800-654-2240. Please be sure to tell the agent the meeting name and number, i.e.: Current Issues in Anatomic Pathology...CV0200001.

Cytology Seminar Faculty
Imok Cha, MD
Assistant Professor of Pathology, UCSF

Britt-Marie Lund, MD
Professor of Pathology, UCSF

Theodore Miller, MD
Professor of Pathology and Director of Cytopathology, UCSF

Daniel Sudilovsky, MD
Assistant Professor of Pathology, UCSF

Registration Procedure for Cytology Seminar
Please check the appropriate box for the Cytology Seminar on the brochure's registration form and add $250 to your registration fee total. You will be notified in writing as to whether you are among the first nine registrants. If you are among the first 20 to register, you will be placed on a waiting list. If you are not among the first 20, your Cytology Seminar registration fees will be refunded immediately. If you are on the waiting list, you will be notified no later than May 1 if your registration will be accepted. If your registration cannot be accepted as of May 1, a refund will be issued at that time.

Application for Enrollment

Please detach and mail with payment to:
Office of CME (Registration), M04108
UCSF Box 0742, LH-450, San Francisco, California 94143-0742

FOR REGISTRATION INFORMATION, PLEASE CALL (415) 476-5808.

Participants may register for the full 3-day program ($595), for an individual 1-day session ($225), or for a combination of 1-day sessions ($225 per session). Reduced fees of $250 for 3-days and $95 per 1-day session are available to pathology interns, residents, or fellows if a letter of verification from training program is submitted with application form.

To register, please check the appropriate box(es) below:

- Full 3-day Program (M04108)
- Thursday Session (M0408A)
- Friday Session (M0408B)
- Saturday Session (M0408C)
- Cytology Session at UCSF on Wednesday (enrollment limited to nine persons) (M0408D)

- Please make checks payable to UC Regents.
- To pay by Visa or Master Card, please complete the information below. Applications with payment by credit card may be faxed to the Registration Office at (415) 502-1795; to avoid duplicate payment, fax ONCE only and do not mail faxed application forms.

In one of America's most international cities, enter a hotel where Asian tranquility and harmony provide an oasis in contrast to the bustling Union Square location. East meets West in this soaring lobby of cool, white marble. One is greeted by the relaxing sound of water cascading in stair-step tiers. Hotel Nikko San Francisco welcomes travelers from around the world with a softness of Japanese tradition and a staff gathered from Japan, the U.S., and Europe. A truly elegant and international hotel in "America's favorite city," Hotel Nikko San Francisco is the perfect spot for a vacation, a business meeting or the best place to stay while attending a major conference. This is where guests are treated with individual care from the moment of check-in. On the fifth floor, the Health Club is highlighted by a glass domed atrium enclosing a five lane lap pool and spa... sunlight streaming in during the day and starlight views at night.

Accommodations
A block of rooms has been reserved for this conference at the Hotel Nikko San Francisco, 222 Mason. Telephone number is (415) 394-1111. Please make your reservations directly with the hotel, and in order to receive the special conference room rates ($185 Single or Double), be sure to indicate that you are attending this UCSF program. You may make reservations by phone, or by mailing the hotel reservation form which is included for your convenience in this brochure. Please note: This block of rooms will be released by the hotel on May 4. After May 4, sleeping rooms will be available on a space and rate available basis.
