Acute hepatitis: what to ask.... and tell the hepatologists

Sanjay Kakar, MD
Associate Professor of Clinical Pathology

Saturday, June 4, 2010
12:15 P.M. – 1:15 P.M.

TOPICS COVERED

This Tutorial will present and discuss example cases that illustrate the common problems encountered in the diagnosis of acute hepatitis on liver biopsy. These include:

1. Clinical and histologic criteria of acute and chronic hepatitis
2. Etiological differential diagnosis in acute hepatitis
3. Distinction of acute hepatitis from biliary disease
4. Unusual clinicopathologic considerations in acute hepatitis

OBJECTIVES

1. Enumerate the histologic criteria for the diagnosis of hepatitis
2. Distinguish acute hepatitis from chronic hepatocellular injury
3. Distinguish acute hepatitis from biliary disease
4. Generate a comprehensive pathology report for acute hepatitis

A separate fee of $75.00 (including lunch). Limited space
