Breast Cytology: Practical Pearls

Anna Berry, M.D.
Associate Professor of Pathology

May 26, 2012
12.15 P.M. - 1.15 P.M.

TOPICS COVERED
1. Clinical indications and implications for fine needle aspiration of the breast
2. Technical considerations for biopsy acquisition and sample handling
3. Appropriate diagnostic terminology for breast cytology
4. Common pitfalls in breast cytology
5. Ancillary testing considerations

OBJECTIVES
The participants will:

- Know the clinical indications and implications for breast FNA
- Know how to avoid common diagnostic pitfalls
- Know how to optimize biopsy acquisition, sample handling, reporting and ancillary testing for breast cytology specimens

There is a separate fee of $75.00 (including lunch). Limited space
